

"We would recommend VSLogger to any of your prospective customers."

Steve Molino,
Harris Bank, Barrington, Illinois

"Versadial has become an important part of our sales training program. We now use recorded sales presentations as part of a weekly contest among our salespeople."

Rod Seely,
Veris Industries, Portland, Oregon

"Absolutely satisfied. Works great, and at a great price: Inexpensive to get started, upgradeable, simple to use."

Gary B Ellington,
Atlantic Protective Services, Inc.,
Virginia Beach, VA

"Overall extremely satisfied with both the value and performance of VSLogger."

Rex Surber, Jr,
Foreline Security, Inc.,
Tampa, FL

"Very stable. We would recommend VSLogger to other businesses."

Andy McDougall,
Rutherford Controls Int'l

"We are very happy with the product. Works great."

Paul Di Benedetto,
Millennium Data Systems,
Ontario, Canada

"I would highly recommend the product to anyone, especially law enforcement agencies. I have found it has more features that we are using in public safety than any other product I have reviewed."

Delaine Stacy,
Mississippi Highway Patrol, Jackson, MS

You need Versadial Solutions® if you...

- Exchange critical information via phone.
- Are required by law to record telephone or radio communications.
- Need to record and monitor call center communications for liability and quality control
- Want a reliable, low-cost telephone and voice recording solution

Simple to Build

At a fraction of the cost of competing voice recording systems. We use only non-proprietary, turn-key components that are easily found in most parts of the world.

Simple to Administer

The familiar operations of the Microsoft Windows environment means that most of your staff will be up and running after the first full day of use.

Simple to Maintain

Easily maintained with off-the-shelf components and parts. Never be left high and dry with expensive esoteric equipment again.

Low cost

While our software is packed with powerful features that you expect from a heavy-duty, high-demand system, it is competitively priced and features unlimited remote access — no extra licensing fees.

Voice Recording Solutions...

Recording Solutions that grow with your business.

Simple to Build

Simple to Administer

Simple to Maintain

Telephone and Voice Recording Systems from Versadial Solutions®

Versadial Solutions®

Versadial Solutions® have been applied in heavy-duty, high-demand environments for nearly 10 years where reliability and low-cost maintenance is a priority. Voice recording system integrators, government agencies, and privately operated call centers throughout the United States and Europe rely on our field-proven services and products. Our flagship software, VSLogger, is in its 5th generation

of development with high-end functionality, greater usability, and enhanced stability running under Microsoft Windows 2000 Pro and XP Pro.

Whether you want to build it yourself or have us assemble a large-scale system, our voice recording solutions cost a fraction of our competitors because we use only non-proprietary,

turn-key components that are easy to maintain and inexpensive to replace.

Just because simplicity is the basic tenet of our business doesn't mean that our solutions are simple. We offer solutions that will easily grow with your business while maintaining powerful functionality and features. Versadial simplicity will also help you easily meet the demands of change as your operation grows and expectations increase. You can scale-up and expand your voice recording operation easily and quickly. Remote versions of VSLogger will run on legacy versions of Microsoft Windows (95/98). Simplicity also means that your Versadial Solution will be around and in operation for a very long time.

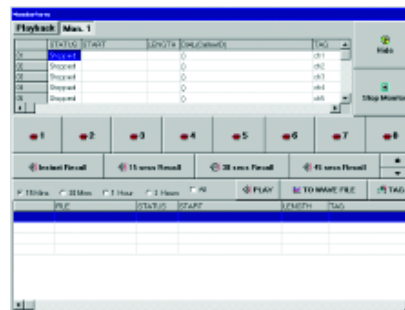

From a custom large-scale multi-channel digital turnkey system to an affordable do-it-yourself kit, Versadial Solutions® are solutions that grow with your business.

For more information or quotation, call our sales office toll free at (888) PC-DIAL2, or for more convenient service, go to our website at www.versadial.com and fill out our online "info request" form.

Versadial...

Recording Solutions that Grow With your Business
